This SDS is compliant with Globally Harmonized System (GHS) and in accordance with 29 CFR 1910.1200(d)

1. IDENTIFICATION OF THE SUBSTANCE/PREPARATION AND OF THE COMPANY

Product name: CECILIA ROSIN 'Artist Reserve' Prima for Violin/Viola and Cello/Viola
CECILIA ROSIN 'Artist Reserve' Divinum for Violin/Viola and Cello/Viola
CECILIA ROSIN 'Signature Formula' for Violin, Viola and Cello
CECILIA ROSIN 'SOLO' for Violin, Viola and Cello
CECILIA ROSIN 'A Piacere' for Violin, Viola and Cello
CECILIA ROSIN 'Sanctus' for Violin, Viola and Cello
CECILIA ROSIN for Bass 'Firmer'
CECILIA ROSIN for Bass 'Softer'
CECILIA ROSIN 'STELLARE'

Trade Name: CECILIA ROSIN

Intended Use: For stringed instruments only

Company of SDS supplier: Cremona in America, llc.
Address: 279 Elsmere Pl., Fort Lee, New Jersey 07024, USA
Phone: +1-917-969-9342
Email: mgt@cremonainamerica.com
Website: www.cremonainamerica.com

Emergency telephone number: +1-917-969-9342

2. HAZARD IDENTIFICATION

2.1 Substance or mixture classification

Skin sensitization (Category 1), H317

2.2 GHS Label Elements

Pictogram:

Signal word: Warning

Hazard statement(s): H317 May cause an allergic skin reaction.

Precautionary statement(s):
Prevention:
P261 Avoid breathing dust
P280 Wear protective gloves.

Response:
P302 + P350 IF ON SKIN: Gently wash with plenty of soap and water.
P333 + P313 If skin irritation or rash occurs, get medical advice/attention.
P362 Take off contaminated clothing and wash before reuse.

Disposal:
P501 Dispose of contents/container to an authorized waste collection point.

2.3 Hazards not otherwise classified

None

3. COMPOSITION/INFORMATION ON INGREDIENTS

Substance / Mixture: Mixture

Chemical name	CAS No.	EC No.	Hazard classification:	Concentration in Product (% w/w)
GUM Rosin	8050-09-7	232-475-7	Skin Sens. 1; H317	>= 10 - < 15

4. FIRST-AID MEASURES

Inhalation:	Move injured person into fresh air and keep person calm under observation. If uncomfortable, persistent throat irritation or coughing: Seek hospital and bring along these instructions.
Skin contact:	Remove contaminated clothes and rinse skin thoroughly with water. In case of rashes, wounds or other skin disorders: Seek medical attention and bring along these instructions.
Eye contact:	Do not rub eye. Immediately flush with plenty of water for up to 15 minutes. Remove any contact lenses and open eyelids widely. If irritation persists: Seek medical attention and bring these instructions.
Ingestion:	Immediately rinse mouth and drink plenty of water. Seek hospital and bring along these instructions.
Most important symptoms and effects, both acute and delayed:	May cause an allergic skin reaction.
Note to a doctor:	Treat symptomatically.

5. FIRE-FIGHTING MEASURES

Suitable extinguishing media:	Alcohol–resistant foam, carbon dioxide, dry chemical
Unsuitable extinguishing media:	If water must be used, use as a spray only to lower temperature.
Hazardous combustion products:	Carbon dioxide, carbon monoxide, and/or lower molecular weight hydrocarbons.
Specific extinguishing methods:	Use extinguishing measures that are appropriate to local circumstances and the surrounding environment. Use water spray to cool unopened containers. Remove undamaged containers from fire area if it is safe to do so.
Special protective equipment for fire-fighters:	Wear self-contained breathing apparatus for firefighting if necessary. Use appropriate personal protective equipment.

6. ACCIDENTAL RELEASE MEASURES

Personal precautions:	For personal protection, see section 8. Follow precautions for safe handling described in this safety data sheet.
Environmental precautions:	No special environmental precautions required. If liquefied, avoid discharge into drains, watercourses or onto the ground. Prevent further leakage or spillage if safe to do so. Retain and dispose of contaminated wash water. Local authorities should be advised if significant spillages could not be contained.
Methods for cleaning up:	Pick up and arrange disposal without creating dust. Sweep up and keep in suitable, closed containers for disposal. Local or national regulations may apply to releases and disposal of this material, as well as those materials and items employed in the clean-up of releases. For waste disposal, see section 13.

7. HANDLING AND STORAGE

Safe handling advice:	Handle in accordance with good industrial hygiene. Avoid formation of dust and aerosols
Technical measures:	See Engineering measures under EXPOSURE CONTROLS/PERSONAL PROTECTION (section 8)
Technical precautions:	Store in a cool, ventilated, building.
Technical measures for safe storage:	No special precautions.
Storage conditions:	Keep in properly labelled containers in cool ventilated area.
Materials to avoid:	Strong oxidizing agents.

8. EXPOSURE CONTROLS/PERSONAL PROTECTION

No exposure limits available for this product or for its components.

The effective operation of a facility should include review of engineering controls, proper personal protective equipment, appropriate degowning and decontamination procedures, industrial hygiene monitoring, medical surveillance and the use of administrative controls

Engineering measures:	Use appropriate engineering controls and manufacturing technologies to control airborne dust or vapour concentrations. All engineering controls should be implemented by facility design and operated to protect products, workers, and the environment.

Respiratory protection:	General and local exhaust ventilation is recommended to maintain dust or vapor exposures below recommended limits. Where concentrations are above recommended limits or are unknown, appropriate respiratory protection should be worn. Follow OSHA respirator regulations (29 CFR 1910.134) and use NIOSH/ MSHA approved respirators. Protection provided by air purifying respirators against exposure to any hazardous chemical is limited. Use a positive pressure air supplied respirator if there is any potential for uncontrolled release, exposure levels are unknown, or any other circumstance where air purifying respirators may not provide adequate protection
Hand protection	Wear appropriate chemical-resistant gloves, such as nitrile rubber.
Eye protection	Wear safety glasses. If the work environment or activity involves dusty conditions, mists or aerosols, wear appropriate goggles. Wear a faceshield or other full face protection if there is a potential for direct contact to the face with dusts, mists, or aerosols.
Skin protection:	Avoid skin contact. Wear laboratory coat or apron to minimize exposure.
Hygiene measures:	When working do not eat, drink or smoke. Wash contaminated clothing before re-use.

9. PHYSICAL AND CHEMICAL PROPERTIES

Appearance:	Solid
Odor:	None
Color:	Light to dark amber
Odor threshold:	Not available
pH:	Not available
Melting point:	Not available
Boiling point:	Not available
Flash point:	Not available
Evaporation rate:	Not available
Flammability:	Not available
Explosion limits:	Not available
Relative density:	Not available
Solubility:	Not available
Partition coefficient: (n-octanol/water)	Not available
Auto-ignition temperature:	Not available
Decomposition temperature:	Not available

Other information: None

10. STABILITY AND REACTIVITY

Reactivity	Not classified as a reactivity hazard.
Stability:	Stable under normal conditions.
Conditions/materials to avoid:	Avoid contact with strong oxidizing agents.
Hazardous decomposition products:	No hazardous decomposition products are known.

11. TOXICOLOGICAL INFORMATION

11.1 Toxicological information for the mixture

Main Routes of Exposure: Skin, eyes and ingestion.

Acute toxicity

No data available

Skin corrosion/irritation
No data available

Serious eye damage/eye irritation
No data available

Respiratory or skin sensitization
No data available

Germ cell mutagenicity
No data available

Carcinogenicity
No data available

Reproductive toxicity
No data available

Specific target organ toxicity - single exposure
No data available

Specific target organ toxicity - repeated exposure
No data available

Aspiration hazard
No data available

Additional Information
Not available

11.2 Toxicological properties of components

Gum Rosin

Acute toxicity

Oral:	LD50 Rat - male and female - 2,800 mg/kg
Inhalation:	No data available
Dermal:	LD50 Rat - male and female - > 2,000 mg/kg

Skin corrosion/irritation
Result: Rabbit - No skin irritation - 4 h (OECD Test Guideline 404)

Serious eye damage/eye irritation eyes
Result: Rabbit - No eye irritation (OECD Test Guideline 405)

Respiratory or skin sensitization
Result: Based on evidence in humans, this substance can lead to sensitization by skin contact.

Germ cell mutagenicity
Result: Negative (Ames test S. typhimurium)

Carcinogenicity
This mixture does not contain any carcinogenic ingredients in concentrations of 0.1% or greater as identified by OSHA, IARC, NTP or ACGIH.
Reproductive toxicity
No data available

Additional Information
No data available

12. ECOLOGICAL INFORMATION

Toxicity:	No information available.
Persistence and degradability:	No information available.
Bioaccumulative potential:	No information available.
Other adverse effects:	None known.

13. DISPOSAL CONSIDERATIONS

Dispose of in accordance with local, state, and federal laws and regulations.

14. TRANSPORT INFORMATION

DOT (US)
Not dangerous goods

IMDG
Not dangerous goods

IATA
Not dangerous goods

15. REGULATORY INFORMATION

List of hazardous substances harmonized for classification and labelling in EU (i.e. Table 3 of Annex VI to CLP Regulation)	Yes
REACH - Candidate List of Substances of Very High Concern for Authorisation (Article 59)	Not applicable
REACH - List of substances subject to authorisation (Annex XIV)	Not applicable
Regulation (EC) No 1005/2009 on substances that deplete the ozone layer	Not applicable
Regulation (EC) No 850/2004 on persistent organic pollutants	Not applicable
Regulation (EC) No 649/2012 of the European Parliament and the Council concerning the export and import of dangerous chemicals	Not applicable

REACH - Restrictions on the manufacture, placing on the market and use of certain dangerous substances, preparations and articles (Annex XVII)	Not applicable
Seveso III: Directive 2012/18/EU of the European Parliament and of the Council on the control of major-accident hazards involving dangerous substances	Not applicable

Community Right to Know Act (CRTK)

Gum Rosin is listed in Pennsylvania and New Jersey.

California Prop. 65 Components

This product does not contain any chemicals known to State of California to cause cancer, birth defects, or any other reproductive harm.

SARA 311

Not applicable

16. OTHER INFORMATION

Date of SDS Preparation: 03/31/2024
Current Version Preparation: I

The user must be instructed in the proper work procedure and be familiar with the contents of these instructions. The information on this data sheet represents our current data and is reliable provided that the product is used under the prescribed conditions. Any other use of the product which involves using the product in combination with any other product or any other process is the responsibility of the user.
